

Minifigure hide and seek

Those minifigures are adventurous little people, and love to go exploring.

Choose your favourite minifigures, get them dressed and ready for adventure with some handy accessories, then hide them in secret places around your house or garden.

Think of some clever clues to help the rest of your family find them. You could even think of a prize for the person who finds them all first – ready or not, here we come!

You can use this activity sheet if you've got a printer, or you can create your own.
